

- 1 An engineer is designing a satellite dish. The cross-section of the dish’s circular rim, together with some key lines used in the design, is shown in the diagram below.

The circle represents the outer rim of the dish, and *O* is the centre.

Line *A*, line *B*, line *C*, and the highlighted curve *D* (shown in red) each represent a different geometric feature of a circle.

Match each letter to the correct term from the list below:
