

- 1 A circular logo of radius **10 cm** is being designed in a UI/UX layout tool. A straight decorative chord ***AB*** is drawn across the circle. The perpendicular distance from the centre ***O*** of the circle to the chord ***AB*** is **6 cm**, as shown in the diagram.

The perpendicular from ***O*** meets ***AB*** at the point where it is bisected.
Calculate the length of the chord ***AB***.

..... cm
